

BLOOM PUBLIC SCHOOL

Vasant Kunj, N.Delhi

SAFE DRINKING WATER AT BLOOM

26th March 2010

The school has installed a Reverse Osmosis Water Purification Plant to provide our children with safe drinking water. The students now need not carry water bottles from home.

The benefits of Reverse Osmosis (R.O) System:

- *Removes harmful Pollutants and Minerals and friendly to the environment.*
- *Smells and tastes better & Hydrates body quickly.*
- *Removes Bacteria from water.*
- *Removes harmful toxins and reduces risk of illness and disease.*
